

SEVEN DAY PROGRAMMER

Features & Benefits:

- Mains powered, digital room thermostat
- Room temperature & time display
- Seven-day programmer
- Six time slots in every 24 hours
- Three operating modes – manual, automatic & energy saving
- Large LCD screen
- LED backlight

Technical Features:

Power	85 - 275 VAC
Temperature Display Range	0.5°C - 45°C
Temperature Precision	0.5°C
Working Ambient Temperature	0°C - 50°C
Maximum Overload Current	6(3) A
Product Dimensions (WxHxD)	125mm x 83.5mm x 30.5mm
